## 6 DESCRIPTION OF THE REPORT

This report includes the financial statements of the Public Financing Instruments (PFI) created or to be created under the CFs4EE Financing Scheme. This report provides a forecasted overview on a 10-year period of the financial position of the financing instruments supporting the funding of the financing scheme. The financial statements are extracted from the Detailed Business Plan<sup>1</sup>.

There are three main financial statements provided: (1) Financial position statements; (2) Profit & Loss statements; (3) cash flow statements. Financial position of balance sheets statements shows what the PFI owns and what it owes at a fixed point in time. Profit & Loss statements show how much money the PFI made and spent over a period of time. Cashflows statements show the exchange of money between the PFI and the outside world also over a period of time. It is to note that the financial statements have been elaborated for all pilot projects except the VEB pilot project as the concerned CFs4EE Financing Scheme has been set-up as a “proof-of-concept” preliminary phase to be validated before a possible development of the PFI supporting the scheme.
